

Vincent Van Duysen

FOR

SERAX

august

Thank you  
for inviting me into your home

Serax is a Belgian design brand that praises materials, aesthetics and functionality equally. We carefully select quality materials from around the world and have these crafted using skilled traditions. Irregularities are possible and characteristic for this process and underline the uniqueness of your product.

SERAX

## **CARE INSTRUCTIONS**

For the aluminium, we recommend to use a mild soapy detergent and a soft microfiber cloth. Avoid the use of acidic detergents. Your cushion covers can be washed.

Please check the downloadable Production Information Sheet on [www.serax.com](http://www.serax.com) for washing and cleaning of your cushion covers.

## **AUGUST**

The Outdoor collection by Vincent Van Duysen for Serax is made of powdercoated aluminium. This makes it suitable for both indoor and outdoor use. The chairs, lounge chair, tables and sun lounger articulate the sheer simplicity of the monastic life they were inspired by. The cushions for August add extra comfort. Able to withstand wind and weather, the upholstery fabrics are colour and lightfast as well as water and dirt-repellent. The cushion dries quickly, even after a heavy downpour, as the foam has an open-cell structure that allows both water and air to pass through.
